EXPERIENCE

The National Nuclear Security Admin. Multi-Media Designer | D.C. | 10/2023–Current

I am remotely working on high-visibility visual strategy projects for the U.S. Dept. of Energy.

The United States Air Force Academy Designer | Colorado Springs | 6/2020–6/2023

I led design projects for USAFA's athletic and academic departments, including creating the 2023 Falcon Mascot Symbol. I produced materials for high-profile events and managed various design tools across campus. I became proficient in advertising visuals, large banners, motion media, and more.

NASA

Illustration Artist | Cleveland, OH | 6/2019–8/2019

As an Artist Intern at NASA, I contributed to the COMPASS team's spacecraft architecture projects, including the Martian Ascent Vehicle, Nuclear Electric Propulsion System, and Saturn's moon submarine. I focused on improving mission visuals for stakeholders and the public through design work, including posters and signage.

EDUCATION

The University of Dayton

Bachelor of Graphic Design | 8/2016–5/2020
